4 June 1981

MEMORANDUM FOR: Chief, Physical Security Division

FROM: [   ]

25X1

                 Chief, Industrial Security Branch

SUBJECT: PTAS Function/Program Review (U)

REFERENCE: Memo to DD/PTAS from C/OPS/PTAS, dated
                 29 May 1981; same subject

        In accordance with the referenced memorandum, the functions of
the Industrial Security Branch are assigned priorities as outlined
below:

        A.   Unannounced audits of industrial
contractor facilities - Category a, absolutely essential

        B.   Focal point within the Office of Security
for Agency industrial security policy - Category a,
absolutely essential.

        C.   Training of Industrial Security Officers -
Category b, good to do. (U)

MEMORANDUM FOR: Deputy Director of Security (PTAS)

25X1

FROM:

Chief of Operations (PTAS)

SUBJECT: PTAS Function/Program Review

1. The Director of Security, at his 1100 staff meeting 28 May 1981, advised that he received the thick folder of directorate function/program reviews completed several months ago. He advised he will be tasking the directorates now to prioritize these functions as to essentiality to the OS mission. He feels that a three-part rationale should be used in prior- itizing these functions. These are:

a. Absolutely essential to the security of CIA, without which there would be an unacceptable risk of loss or compromise.

b. Good to do; is supportive to good security but could do without. He exampled the situation of a "wartime economy," where only the most essential, direct security would be provided.

c. Technically marginal as supportive security service for some other office of the Agency. He
